Other Books by Dr. Al Long

Leadership Tripod

A practical book that applies scientific principles and theories related to learning, decision-making and leadership processes so that executives can retrain their minds to be more effective in dealing with the challenges and emotional dynamics of leadership and organizational change inherent in the business world. Includes such practical tools as pre- and post-knowledge assessments, case scenarios, skills and attitudes toward leadership, plus a leadership interview instrument.

They Called Him Joe

The life experiences of Joe Huff were as varied and colorful as the times he lived through...eras of world wars, the Titanic's demise, man landing on the moon and more. Dr. Long and his son Tad share the inspiring tale of Reverend George "Joe" Huff, an amazing journey of grace and faith as God orchestrates an extraordinary series of events through the life of an ordinary man.
