

# They Called Him JOE

An Extraordinary Story of an Ordinary Man

Rarely does one have the opportunity to take a journey through someone else's life. Especially a life that witnessed some of modern history's most significant events. Imagine someone who lived during the sinking of the Titanic, the first radio broadcast, man landing on the moon and the introduction of the Internet, not to mention both World Wars and at least a half dozen other major military conflicts—all in a single lifetime.

The life experience of George W. Huff, "Joe," were every bit as varied and colorful as the changes in the world around him. Come along as the stories unfold one after the other, decade by decade. Witness first-hand how God orchestrates an extraordinary series of events through the life of an ordinary man, just as He did so often with people of the Bible. Joe describes in his own words, recorded years before his death, how God protected him time and time again, forgave him of his transgressions and transformed his life into one of service, resulting in a legacy that would last for all eternity.
